

Survey Booklet One: Antenatal

1

Thank you for taking the time to complete this survey. It will take you about **45 minutes** to complete it and your answers are **confidential**. If you have any questions about any part of this survey, or need help answering any of the questions, please feel free to call us on **087 229 0989**.

The MAMMI survey has been approved by the Research Ethics Committees of the Coombe Women and Infants University Hospital and the Faculty of Health Sciences, Trinity College Dublin.

Please tick here if you do NOT wish to complete this or future surveys

Structure of the MAMMI Study

The **Maternal health And Maternal Morbidity in Ireland (MAMMI)** study is in six (6) parts: (1) antenatal (early pregnancy); (1A) antenatal (middle to late pregnancy - when you are about 7 months pregnant); (2) 3 months after the birth; (3) 6 months after the birth; (4) 9 months after the birth and (5) 12 months after the birth.

This is the first (1) part of the six surveys. It is about your health NOW (antenatally) and before you became pregnant. It has five (5) sections, numbered A through to E:

- A questions about your general health and well-being;
- B your health BEFORE your pregnancy;
- C your health SINCE THE START of your pregnancy;
- D your emotional health and well-being NOW;
- E you, your household and your thoughts on some issues.

You may notice that some questions are very similar or the same, however, the questions apply to **different times** in your life.

Please note, there is space after Section E for any comments you might like to make on the survey.

How to fill in the Survey

Most of the questions can be answered by putting a tick in the box next to the answer that best applies to you. For example:

Has tiredness been a problem for you in the past month?

Outside these hours, an answering service is available and you can leave a message and someone will return your call.

The next few questions are about your sexuality and your sexual health **BEFORE** your pregnancy. If you feel uncomfortable answering any of these questions or they are too personal, you do not have to answer them. However, if you have experienced any of the symptoms or issues asked about, it might help other women to know they are not alone in their experiences when the findings are published. Again, we would like to reassure you that all the information that you provide is **strictly confidential**.

We are very grateful for the time and trouble you have taken to participate in this part of the MAMMI study.

The results from this part of the study will not be available until all of the women taking part in the study have given birth. As soon as the first study results are available, we will let you know via the website and the study newsletter for women.

Please do call us if you have any questions about the study.

We look forward to contacting you again when you are about 7 to 8 months pregnant.

Best wishes.
